For over 30 years, Atlas has worked to do more for our customers. We strive for excellence in customer service—anticipating our customers’ needs ahead of time.

As a **women-owned and operated business** we are focused on customer satisfaction—from design to delivery. We have an extremely low DPPM level with **under .0001 Defective Parts Per Million for the last decade.**

Our full range of precision **metal-stamped seals, gaskets, washers, brackets, shims, etc.** make us a perfect partner for any lot-size—with typical orders between 500 - 500,000 pieces—and existing tooling for over 2,200 individual parts.
